NEW ENGLAND MUTUAL
Life Insurance
COMPANY!
OF BOSTON.
INCORPORATED, 1835. ASSETS, $9,000,000.

The only Company on the Pacific Coast governed by the MASSACHUSETTS NON-FORFEITURE LAW.

That there is absolutely no forfeiture in this Company these examples, furnish sufficient proof:

A. C. E. Miller, of Portland, Oregon, insured under Policy No. 13,054, for $5,000, died over six months after the premium was due and unpaid. The $5,000 was promptly paid the widow, less the unpaid premium.

J. W. Jones, of Colusa, Cal., insured under Policy No. 33,016, for $10,000, died over four months after the premium was due and unpaid. The $10,000 was promptly paid the widow, less the unpaid premium.

Is it not an object for you to insure in a Company where your policy is protected by such a wise and equitable law?

☞ This Company is not restricted to investing its funds in Massachusetts. The funds are invested in the best securities, where the largest interest is obtainable. Thus it has been enabled to return as dividends to the policy holders, in cash, during the last four years, $2,466,109 60. Dividends payable annually in cash.

DR. GOODMAN'S PATIENT.

Mr. Alfred Turner, the gifted orator and aspiring lawyer of Wisdomfield, was a fortunate man. At college he carried off the highest honors, although he was not a hard student. Success attended him in his profession as well as in love matters. He had wooed and won the most charming young lady in Wisdomfield, and his only child, a girl of six, was a perfect prodigy!

She could speak French and English, could analyze flowers, bound every State in the Union and give their capitals. She knew the population of the great cities. She was studying grammar and history. Such a wonderful child!

There was but one drawback to the fond parents' happiness, and that was, in spite of their care and pains, the little girl grew more delicate each day, and seemed to be vanishing into a shadow.

The gossips of Wisdomfield said the child could not live. "No, she has too much brains to live," and they shook their heads sorrowfully.

Mr. Turner determined to consult Mr. Goodman. This eccentric physician could cure any curable disease; indeed, so potent was the mans' influence, that his name seemed to have power to frighten away disease! His patients declaring that they felt better the very moment that he was sent for.

In answer to the fond parent's summons, Dr. Goodman called and found his patient languidly reading. He seemed deeply impressed as he took the child's emaciated hand into his plump, brown palm. Mrs. Turner said with a proud emphasis:

"Doctor, our child is not like other children."

"Humph!" exclaimed the physician.

"She does not play with or care for children, but talks of things far beyond her years," continued the fond mother.

"Humph!" ejaculated Dr. Goodman, as he brushed away a tear with his coat-sleeve.

Mrs. Turner saw the action, and a wild terror seized her heart. Was her child dying, that this strong man wept? The startled father seized Dr. Goodman's arm, and exclaimed wildly:

"Tell me, is there no hope for my child?"

Dr. Goodman wiped his eyes, blew his nose, and put on his glasses, as he said:

"Hope! yes, if you follow my advice."

"We will do anything," said both parents in one breath.

"Are you sure of that?" asked the eccentric physician.

"Sure! Would we not die for our dear Belle?"

Dr. Goodman smiled, seemed lost in thought, and thus soliloquized:

"Yes; they are killing her. The little embryo woman will die just as my child did—just as thousands of other children die; or perhaps she may linger through life a helpless invalid. Will they listen to me? I will make the effort, but may get little thanks for my pains."

The parents gazed at the physician with astonishment. Dr. Goodman turned to them and said:

"You manifest a willingness to be guided by my advice. I know of no better way of explaining myself than by telling you the true story of a blighted life. This story is so fixed in my mind that I think of it every hour of my life. I will sketch it to you in the shape of a tableau.

"The curtain rises and discloses a pretty picture—a young father and mother, and a dear little child. How happy they are! The father is teaching his we girl to read. See how his eyes flash as the infantile lips lisp the long words! Admiring friends exclaim: 'What a prodigy!'"

"The curtain drops, only to rise again on another picture. The little girl of four years is now sixteen. Beautiful, budding, bright sixteen! her form is slender; her eyelids droop. She is talented. To-day is her graduating day; her examination was faultless; she is crowned with the laurel wreath! Father and mother are there proudly looking on. They have been rewarded for their toil and pains. Yet they gaze anxiously on the form and face of their daughter, and wish that she had somewhat more body."

"The curtain again falls, and then rises on the last scene. In a luxurious home, where wealth had contributed every adornment, lay the corpse of a woman."

"Only twenty-three years have passed over her head, yet the drawn, haggard face had grown old with suffering. Death set his seal on the brow of the laurel-crowned maiden. Good Christians crowded around the bereaved parents with consoling words. Oh, why was their daughter taken? Their only child, who had all that wealth could give? Too bright to live! Too much brain—too little strength. What mattered it now that she once solved the most difficult problems of Euclid? That those pale lips and that icy tongue had once spoken many languages? They are silent now—happy, happy child! A merciful God took her home."

"Do not blame me, friends, when I weep. The vision of my dying child is before me. I have shown you three scenes in the tableau of my life."

When Dr. Goodman arose to go, there were tears on the mother's cheeks, and a firm resolve in the father's eyes.

Two years have passed, and little Belle is playing in the meadow with a merry group of children, searching for the four-leaved clover. See, she has found it; the beacon of good fortune. How her bright eyes flash as she waves her trophy above her head. She knows but little of French, and has forgotten how to analyze a flower; but she can tell you the working bee from the drone; the red bird's and the wrens notes; and where the sweet-smelling wild flowers grow. What if her aprons were soiled, and her face sunburned? Is she not a prodigy? Certainly, her fond parents think so, as she tells them of the pleasant play in the meadow, and the finding of four-leaved clover.

Dr. Goodman still lives, and the gossips of Wisdomfield love to tell how he miraculously cured Belle Turner, and the little girl is always called "Dr. Goodman's Patient."

THE consumption of wood in the United States is enormous. Railway sleepers alone require 150,000 acres of the best timber land every year. The annual expenditure for railway buildings, repairs and cars is $38,500,000. The locomotives in the United States consume $56,000,000 worth of the article. Wood industry amounts to $500,000,000, in which there are 40,000 artisans.

The South Under Radical Rule.

Some strange influence has come over the Radical party that is causing it to reveal secrets that have lain locked in its bosom for years. It is laboring under the first attack of conscience it has ever experienced, and, like a delerious criminal, accuses itself of all the crimes, one by one, that it has been charged with, but which heretofore it has furiously denied. A fine example of its self-accusations is furnished in a letter in the Chicago *Tribune* from its Washington correspondence, in which reconstruction in each of the Southern States is sketched in detail. The picture is one which the artist is forced to be ashamed of, and no honest Radical can contemplate it without sharing his mortification. "The scalawag ring of Joe Holden, Deweese, Abbott, Jenkins and G. W. Swepson," he tells us, "have increased the debt of North Carolina, since the peace, $23,000,000. The bonds of the State have declined to twenty-five cents on the dollar. Heretofore, we have heard only reports of peace and good will in North Carolina, because the ring has had its own way; but now that the people are forming a reform party, to preserve their existence and property, the thrilling legends of massacres, Ku Klux, &c., are revived." Concerning Louisiana, he says: "Michael Hahn, once of Missouri, is an old Lousianian, plausible, wiry and greedy of gain. He and Fish got up the New Orleans riot of 1866 as a political movement, calling a convention of nobodies—not a parish outside of New Orleans being represented in it—to violently change the constitution of the State. This high handed outrage on popular government led to a fight, as was expected; the few usurping delegates were attacked, and this led to Congressional action, to a grand stumping tour North in the rear of Andrew Johnson, and the 'ring' was then sustained against the people. To assist this demonstration a correspondent of a powerful northern paper was kept in the pay of this gang, and we sold our sympathies for a series of falsehoods. The result is what we see—Lousiana! Twelve millions of dollars have been voted to railways, the corporators thereof being named by the 'ring,' and the margins voted above the true cost of the road have been distributed among the 'ring.'"

It is refreshing after a President of the United States has been outlawed by the governing party, for "investigating the New Orleans riot," and after the white people of New Orleans have been punished for it, to be told, at last, that it was the work of Radical conspirators, that made fortunes out of the monstrous crime. Of Tennessee, the correspondent says: "This State has the meanest delegation in the House of Representatives at Washington, headed by Roderic R. Butler, who kept his seat after having been pronounced unworthy of it. Its debt has been increased two-thirds since the war, by jobs and expenditures to keep up non representative rule, and its entirety now amounts to $60,000,000.

"Senator Ames, the incoming son-in-law of Ben Butler," he confesses was elevated to his place by the unerring aid of presuming bayonets, kindly boosting him from below. Florida, he says, "is carpet-bagged and scalawaged to despair by the Reads, Gleasons and Hamiltons, who ride her."

"Georgia is a prey to anarchy and corruption. The Ku-Klux-Klan is a standing political transparency, and Oliver P. Morton, in the United States Senate, and B. F. Butler, in the House, mutually pass it to and fro, like a couple of advertising promenaders. The whole policy and sole hope of the plunderers in the South is to invent and spread diabolical stories of masacres, murders, rapes, masked batteries, etc., etc., and under cover of these lies to call out the militia, and keep the better populace, by intimidation, from the polls. This is the game. This is the device. The object is entirely popular.

Reconstruction has cost millions of dollars, and five years of labored legislation; and this picture is the product of it, by the admission of its authors. It is no wonder that a party, become so vile that it cannot bear its own stench, that cannot look itself in the face without a blush, that cannot read its own record without remorse, that is trying to escape from its own contamination, should be falling to pieces before the indignation of the people.—*St. Louis Republican.*

THE LAST CHARGE.—A French account of McMahon's defeat says: "McMahon had already lost the battle. 'We must charge again; we must keep charging, *mes infans*,' said the Duke, turning to the Colonel and the few around him. The Colonel, touching his hat replied; 'Marshal, in the state in which we are, to charge is certain death.' McMahon, with a slight shrug of his shoulders, answered low, but audibly: 'What matters, Colonel; but let us embrace each other first.' Not another word. The Marshal waved his hand, the Colonel gave the command, and onward they thundered; once, then formed again for a second time; again, for the last. Out of that magnificent array there were but 105 men in the last charge; 97 went down wounded or killed; eight remained, and of those eight one tells the story."

THE FRENCH REPUBLIC.—LONDON, September 8th.—American Minister Washburn, in officially informing the Government of the Republic's recognition by the United States, felicitated them upon the peacefulness of its inception and the encouraging auspices under which it commenced. He informed the new Government that the American people heard with joyous enthusiasm the proclamation of the Republic in France, with which they sympathize heart and soul. Minister Washburn recalled the tradition of friendship between France and America, and congratulated them upon the choice of Jules Favre for a Minister, and eulogised that gentleman for his qualifications. The tone of Mr. Washburn's note throughout is very cordial.

THEY have grain elevator buildings in Detroit capable of holding seven trains of grain, forty cars to the train. During a busy season, it is nothing unusual to receive and ship 30,000 bushels a day, and that, too, with the aid of but fifteen men. The two belts which run all the elevating apparatus are each 240 feet long, and thirty inches wide, not only scooping 30,000 bushels from the cars, but also lifting this grain (if to be shipped) up more than 130 feet twice during a single day. These belts cost $5,000 a piece, and it took the combined hides of 1,200 cattle to make them.

Our Silk Growing Interest.

This branch of industry is making rapid strides in California, and we shall soon be able to supply the large demands which are already crowding in from France and Switzerland, where the finest of silken fabrics are woven. What a few years since was but little better than an experiment has grown to be a regular business, engaged in by a considerable number of our people. We learn that at the Reed cocoonery, near Davisville, Yolo county, three millions of silk worms are now spinning cocoons, from which the owners expect to realize at least thirty thousand dollars. Experience has shown that the lands in the foothills of California are admirably adapted to the growing of the mulberry tree. The leaves produced are juicy and tender, affording much nutriment to the fastidious producers of silk. These lands are comparatively cheap, and not many acres are required for a first-class cocoonery. This new development of our resources should be especially fostered and encouraged; for it will make our people wealthy and advance California in the path of prosperity. We will have the Old World procuring their supplies from us, and, instead of paying full prices for silken luxuries, the cost of the original staple will be deducted. The climate of California being less subject to sudden changes, and there being no extreme of heat and cold, is especially favorable to silk growing; and the day is not far distant, we believe, when it will be second in importance to no other interest in the State.—*S. F. Chronicle.*

A THIEVING HORDE.—The House of Representatives passed a resolution on the 21st of March last, calling on Secretary Boutwell to furnish the House with a statement of balance due from collection of Internal Revenue. His report contains eight solid pages of the names of defaulting collectors, in all three hundred and forty names—three hundred and forty defaulters in one department of the government! all Radicals too, kept in office by the Tenure of office bill under Johnson. Ten of these Radical rascals stole from the Government $5,933,113. The defaults of the others were for smaller sums. It is thus that the people's money, extorted from them by oppressive taxation, is appropriated by thieves holding office under radical laws. And every man of them is ready to shout hosannas to Grants administration and the great Republican party. If anyone doubts the correctness of the foregoing statement, we would most respectfully refer him to Executive Document No. 267, for proof.—*Solano Democrat.*

A REMARKABLE CREVICE.—The White Pine *Daily News* of September 2d has the following: At the northern end of the Blue Hill, near the Truckee mine, not long since was discovered a remarkable crevice or natural shaft in the limestone. It was found while digging for mineral, and struck ten or fifteen feet from the surface. At that depth an aperture was disclosed in the rock of sufficient width to admit the entrance of a man, passing through which it widens to greater portions. Its depth is not known; as no one has yet been able, or bold enough inclined to attempt its exploration. Our informant states that he descended to the depth of near 200 feet, almost perpendicular, and yet saw no evidence of its termination. The entire crevice is lined with stalactites most beautiful, and which resembles coral more than anything else we can compare them to—minature forests, with trees and shrubs of fantastic shape, appear there upon every side, fashioned by natural causes, of solid stone.

VICTOR HUGO IN PARIS.—After an exile of twenty years Victor Hugo has returned to Paris. His reception by the populace on the 6th was most enthusiastic. As soon as he could be heard he addressed the crowd in the following language: "Citizens, I have come back from an exile of twenty years, simultaneous with the Republic. The Republic comes to defend in Paris the capital of civilization. Paris must not be sullied with invasion. To invade her is to invade liberty; it is to invade civilization. No such invasion shall triumph. Paris will be saved by the union of all souls, all hearts, all arms, in defense of her liberty. The defeat of Paris means new hatreds, new barriers between people and people. Paris must be victorious in the name of fraternity; for only by making the fraternity of all, possibly can the liberty of all be gained." Pointing to the American flag, Victor Hugo said: "That banner of stars speaks to-day to Paris and France."

ADMIRAL FARRAGUT'S REMAINS.—Among the chief mourners at the funeral of the late Admiral Farragut, at Portsmouth, N. H., on the 17th inst., was his colored servant, Henney, who had been with the old hero for a number of years, covering the period of all his renowned naval exploits. It is said the attendant will not leave the scene of his master's death until the remains are disinterred, and then he will accompany them to Annapolis, Md., where, in accordance with the request of the deceased, they are to be finally deposited in the naval cemetery.—*Baltimore Sun.*

THE past summer was the hottest one for ninety-two years. They have been overhauling the records of Yale College. From July 10 to August 15, 1870, the mean daily temperature was, at New Haven, 85 degrees, and no season, at least since 1778, has shown so many consecutive hot days. The highest temperature this summer was (July 17) noted at 98 degrees, and this has been exceeded only four times during the period above indicated at New Haven—the thermometer rising to 100 degrees one day each year in 1784, 1800, and 1845. In 1798 it reached 101.

A SUCCESS.—The Crandall, Barnes & Davis fruit car which went to the East a few weeks ago with a load of fruit, has returned. The car was a perfect success. We are informed that a lot of fully ripe plums reached Chicago in this car in most splendid condition. The car was detained three days at the Summit by the fire in the snow sheds. —*Sacramento Record.*

IT seems that seventeen years is the fatal period for French monarchy. Napoleon I. reigned for seventeen years; seventeen years was the limit of supremacy of the restored Bourbons, and for seventeen years Louis Philippe occupied the throne. Louis Napoleon's seventeen years expire in 1870—the present year.

Something About Dancing.

A clergyman, in one of his sermons, made these remarks on dancing: "Do you think there is any harm in dancing?" No; I do not think there is much good in it. "Do you object, then, to dancing parties?" No—not of themselves I do not. But where unknit youth, where unripe muscles, where unhardened nerves, are put through an excess of excitement, with stimulants, with irregular food, and food that is unwholsome; where a gayety that is excessive is indulged in by the young, all through the night when they should be sleeping, I object to it. "Why?" Because it is dancing?" No, but because it is dissipation. It is taking the time that God unquestionably meant for sleep, and putting it to the highest state of exhilaration and excitement. The fault does not lie in the fact that they dance. Why, if it were as the peasants dance; if it were in the open air, under a tree, and upon the grass, and in the comely hours of a sun-shiny day, it might be praised, even. It would not be a virtue; but it would belong to those negative things that are beautiful. But the wassail of the night, and the wastefulness, I will not say of precious hours, but of nerves—for hours are not so precious as nerves are—the eating out of life by indulgence is dreadful. And to see it pursued night after night, week after week, and through the whole season, is painful in the extreme."

THE DEPARTED SOUL.—Heavens! what a moment must that be when the last flutter expires on our lips! What a change! Tell me, ye who are deepest read in nature and in God, to what new world are we borne? Whither has that spark—that unseen, incomprehensible intelligence—fled? Look upon that cold, livid, ghastly corps that lies before you. What a shell, a gross, earthly covering, which held the mortal essence which has now left; left to range, perhaps, through illumitable space; to receive new capacities, to delight new powers of conception, new glories of beautitude. Ten thousand fancies rush upon the mind as it contemplates the awful moments between life and death! It is a moment big with imagination that clears up all mystery—solves all doubts—which removes all contradictions and destroys error. Great God! What a flood of rapture may at once burst upon the departed soul. The unclouded brightness of the celestial region—the solemn secrets of nature may be divulged, the immediate unity of the past forms of an imperishable beauty may then disclose themselves, bursting upon the delighted senses, and bathing them in immeasurable bliss.—*Spurgeon.*

RIGHT KIND OF REPRESENTATION.—The Southern States are rapidly becoming "reconstructed" in the right way, that is, on the basis of the Democratic party. North Carolina has returned in spite of the bayonets of a scoundrelly Governor, to Democratic rule. Tennessee, at her late judicial election, has done even better. The Supreme Court judges nominated by the Democracy have been elected by a majority of 70,000. Six-tents of the circuit, criminal and common law judges who have been elected are Democrats. As they already had the legislature, there is nothing left the Republicans except the Governor, and he will go out at the November election. We shall carry them nearly or quite all, the Congressmen. Tennessee and North Carolina are thus in line with the Democracy of the nation, and prepared to do a great deal to destroy the Radical national ascendency. The other Southern States will in due season follow the example set by these two old conservative Whig States, which to the very last were attached to the principles of that organization.

THE PRUSSIAN REPULSE.—PARIS, September 8th.—The French Minister of the Interior publishes under reserve a dispatch from the French Consul at Basslin, stating that the garrison of Mulhausen, numbering 3,000 men have been ordered to Strasburg, where the besieged, by a sortie attacked the Prussians and killed 8,000 to 10,000 and captured several cannon. Between Thursday and Friday the Prussians threw a pontoon bridge over the moat between the Ponte dis Juifs and the Ponte de Fustirlz, intending to cross. When the columns had reached the center of the platoon, the mitrailleurs, which had been planted at the porte, were opened upon the column, and the whole column melted away in an instant. The cannonade was dreadful. The moat was encumbered with the dead. The whole Prussian force was swept to destruction to the last man, helplessly and without a chance of opposing their fate.

ONE HUNDRED AND SIXTY LIVES LOST.—By the arrival of the schooner Tampico, Captain Lumbard, from Para, at New York, we learn that a collision occurred about July 25th, on the Amazon River, Brazil, between two steamers. One sunk within half an hour with 200 passengers on board. One hundred and sixty were lost. She had a cargo on board valued at $450,000 without insurance on vesselI or cargo. The accident occurred at the mouth of the Madara, one of the tributaries of the Amazon.

A LARGE CAVE DISCOVERED.—A Salt Lake dispatch, of Wednesday, says: Parties in Cache Valley, while at work on the road, have discovered a huge natural cave, with a large stream of water running through it toward the entrance. They explored it with lights for two miles, but found no other opening. In some places its height could not be discovered. A thorough exploration of the natural wonder will shortly be made.

OREGON seems to be a natural home for the wild cherry, as it appears to flourish better there than anywhere on the Pacific coast. The fruit of the eastern cherries is said to be quickly improved when grown there, and the crop never fails. Pomologists there hope to be able to produce many other and valuable varieties to send back to their Eastern friends, in return for the well known kinds which they have received from the East.

A Republican correspondent of the N. Y. *Post*, writing from Ohio, says: "Do not be surprised if the resolution in the Republican platform on that subject (the tariff) loses the State by twenty thousand majority, and sends Democrats from three-fourths of the districts to Congress."

THE YOLO DEMOCRAT.

OFFICIAL PAPER.

WOODLAND,

Saturday, September 17, 1870.

AN EARLY WINTER.—The weather-wise predict an early winter and a wet one. The movements of wild geese and the antics of the curlew are said to indicate a certain consummation of this prediction.

STATE FAIR.—The State Fair has been largely attended during the week, and we hear it spoken of as a decided improvement upon last year. The *Union* estimates that on Wednesday fully 5,000 persons visited the races.

AMATEUR.—This is the name of a new and very handsome publication of twenty pages, Published monthly by Lee & Walker, 922 Chestnut street, Philadelphia, at $1 per annum. The *Amateur* devotes a liberal portion of its space to music, and its literary articles are of a high order.

MASONIC MIRROR.—This publication comes to us in a new and more acceptable form. A. W. Bishop, P. M., and Edwin A. Sherman are its editors. While as its name indicates, the *Mirror* is conducted mainly in the interest of the Masonic fraternity, it is a valuable periodical for all classes. $2,50 per annum.

STATE TEACHERS' INSTITUTE.—By a private letter we learn that the Institute now in session is largely attended. Regret was expressed at the absence of County Superintendent Darby, of Yolo, whose presence was prevented by sickness. We are pleased to be able to add that Mr. Darby is improving, and will soon be out again.

"COALS TO NEWCASTLE"—HOW A MEMBER OF THE GOVERNMENT SWINDLES THE TREASURY.—The Vallejo *Recorder* says a cargo of brick has just arrived at that port from Brooklyn, New York, at a cost of $37 to $40 per thousand, while, adds the *Recorder*, brick can be made on the yard here for $8 or $10 per thousand. In this way Radical pets are favored and the people swindled.

UNITED ANCIENT ORDER OF DRUIDS.—We learn that arrangements have been completed by which the Druidical Order throughout the world now stands a unit, England and Australia having just signed articles of union. This will add many thousands in numbers who have heretofore held aloof from a general union, and will increase the importance and influence of the Order.

DISAPPEARANCE OF MOONEY.—The California Building and Loan Society house of business, whereof Thomas Mooney was late President, has been closed by application of its creditors, and is now in possession of the United States Marshal. It is represented by the city papers that the absconder leaves the institution minus from $100,000 to $200,000, and it is feared depositors will be the losers.

STAFF OFFICERS.—Henry A. Cobb, Major Gen., commanding National Guard of California, has made the following appointments of his staff: S. P. Middleton, Lieut.-Col. A.A. G.; A. W. Von Schmidt, Engineer Officer; Daniel Norcross, Paymaster; J. W. Brumagim, Judge Advocate; E. A. Denike, Inspector; Peter Donahoe, Commissary; E. B. Buffandean, Quarter-Master; J. C. Tucker, Surgeon; H. A. Cobb, Jr., Major Aid-de-Camp.

"WHAT A SPECTACLE!" says the Saline (Mo.) County *Progress*, in reference to the proceedings of the Radical Convention of that county. "What a spectacle! Fifteen or twenty white men, principally irresponsible characters and non-property-holders, together with about one hundred and twenty-five ignorant negroes, to meet in public convention and pass resolutions respecting the political liberty of about three thousand white men, the principal property holders of the county."

WOOD'S HOUSEHOLD MAGAZINE.—We have received back numbers of this exceedingly cheap monthly published by S. S. Wood, at Newburg, New York, single copies ten cents, or one dollar a year. It contains a large amount of reading matter, including music, stories, young men's, young women's and children's departments, besides a miscellaneous department embracing a great variety of interesting and instructive reading matter. It is the cheapest magazine we know of, and for the price certainly the best.

PATRONIZE THE BEAUTIFUL.—The *Aldine Press*, for September, contains a beautiful engraving, from Dore's picture, entitled "The Grasshopper and the Ant," "Ruins at Rome," is also a very fine picture. "Deer and Fawns" is a full page forest scene; and "Single Blessedness," a capital study for old bachelors. The literary matter is varied and entertaining. This magazine is gotten up in the highest style of the printing art, and splendidly illustrated. Published by Sutton, Brown & Co., New York, at $2,50 per year.

WHAT "OLD HICKORY" DID.—The San Joaquin *Republican* says that during General Jackson's administration, $76,000,000 of debt were extinguished, eighty millions of acres of public lands acquired by purchase of the Indians—thirty-eight millions of dollars divided in surplus revenue among the several States—a navy built which compelled the French to pay our Indemnity claims—fortifications erected, and our frontier extended. When the Democrats obtain the power in the Government they will do the same thing again.

FEELS BAD OVER IT.—The *Mail* doesn't like our bird to crow over the election of a Supervisor in the Third District, but he is a game bird and always crows after vanquishing his enemies. In another place the aforesaid grumbler says that the official figures would have been more satisfactory, when he ought to know that the official count was not made till the following Monday. We gave 135 as about the Democratic majority; the *Mail* gave 150. The official count makes the majority 135. Who was nearest right? Better try something besides figures next time.

FOR A WHITE MAN'S GOVERNMENT.—The white patriots in the land, ever since the Fifteenth Amendment was *declared* adopted, have been making themselves heard in tones which cannot be mistaken or misunderstood. In Connecticut the first great vote was Democratic; a little later, New York gave a Democratic vote by a large majority; then Oregon on the Pacific, elected a Democratic Legislature and secured a United States Senator; her Governor and members of Congress are Democratic. Kentucky next voted, and gave 50,000 majority for the Democratic party. But we will fix them in North Carolina, said the Radicals. Governor Holden calls on the State militia; President Grant sends United States troops there. But they fail. White men are triumphant, and five out of seven Congressmen come up to the 42d Congress, and the State is carried by 15,000 majority. All hail, North Carolina! But Tennessee has capped the climax by rolling up a majority of 70,000, at her late election for Judges of the Supreme Court, for the Democratic nominees! Verily, we will yet have a White Man's Government!

Radical Proscription at Vallejo and Mare Island.

Not long since we quoted from the Vallejo *Democrat* an article complaining of hard times in that enterprising and promising young city, which article gave as among the principal causes for the state of things complained of, the proscription of the Radical managers at the Mare Island Navy Yard, and of the dark-lantern Union Leagues at Vallejo. One or two of the Vallejo papers have attempted to refute the statements made; and the Marysville *Appeal*, always ready to mislead the unwary or to cover up facts likely to injure the Radical party, undertook to ridicule those papers which made complaint against the shameful proscription practiced against some of the best men employed on the Island, because they happened to be Democrats. The *Democrat* publishes an extract from the By-Laws of the Union League for which we make room. It affords further evidence that the Radical party is the bitter foe of all who do not worship at its unholy shrine, for it applies to the party generally as well as at Vallejo. Here is the record; every voter should read it:

BY-LAWS—ART. III.

SEC. 1.—Now therefore, we, the undersigned, bind ourselves in the following agreement, by our pledge and word of honor, to carry out the requirements hereinafter expressed.

SEC. 2.—That any man, a citizen of the United States and legal Republican voter, has a superior right to the patronage upon any and all Government works, over any person politically opposed to the principles of the Republican party.

SEC. 3.—*Further*, that any Foreman or person having power to employ man upon Mare Island Navy Yard who shall refuse to employ Union Republicans when such labor is required, shall be displaced if possible, by our united action.

SEC. 4.—It shall not only be the right, but the duty of this League to protest against the employment of either aliens, or those not aliens who are opposed to the Republican administration now in power, to the exclusion of Republicans from such employment on the public works. And further, it shall not only be the duty, as above stated, to protest, but it shall be the duty of the League to accompany such protest with a request for the immediate removal of any Foreman or Master workman, having the employment of men, who fail to carry out in good faith the principles laid down in this article.

Surrender of Laon—Explosion—Immense Loss of Life.

PARIS, September 11.—It is reported here on excellent authority that the garrison of the small fortress of Laon has been compelled to surrender to the Prussian column, which has been encamped before its walls for several days, and that the fortress was blown up by the French after the Prussians had entered and occupied the town. Many lives are said to have been lost by the explosion, principally Prussians but including a portion of the French garrison.

Later important advices have been received through other sources, confirming the former dispatches reporting the surrender of Laon and the partial destruction of the city and Prussian command, by the explosion of the stores of amunition within the citadel. The following advices have been received relative to this terrible disaster:

The city had refused to surrender to the Prussian column under the Duke of Mecklenburg Schwlein, and the General prepared to bombard the city. He had disposed his siege train in position to shell the city, which had obdurately refused to captulate. A second summons to surrender was then dispatched to the French commander, under cover of a parley.

The second summons was honored and an answer returned that in order to save the town from destruction by the fire of the Prussian artillery, and to prevent the imperilling of the lives of non-combitants the town will be surrendered. The citadel of Laon capitulated and the head of the Prussian column then filed through the gates of the city and occupied the defences. The garrison laid down their arms, and the Garde Mobile were liberated.

The Prussians had not obtained possession long when a terrible catastrophe occurred. The magazine, which had been connected by a train with the citadel, (the latter being ruined), exploded, communicating with the powder in the citadel, and the greater portion of the works were destroyed.

The concussion was tremendous. The walls of the citadel, were overthrown, killing the Prussian staff and several hundred Prussian soldiers, and also many of the Garde Mobile, who were in the vicinity of the magazine at the time. The French commander survived, though wounded. He surrendered only to save the town.

THE DIFFERENCE.—Mr. Biggs, one of the nominees of the Democracy of Delaware for Congress, in a late speech made in that State, took occasion to show the difference between the workings of the British tariff, where only a few leading articles, chiefly luxuries, are taxed, and our own system, under which several thousand articles—all that can be thought of—are made to furnish revenue to Radical officials—we say Radical officials, because it has been demonstrated that the Government never receives even a twentieth part of the revenue collected by those officials. We consider the British system preferable to our own. Mr. Biggs said:

"Sirs, this government, from the time of its inception up to the inauguration of the late war, was among the freest from debt. Now allow me to produce some statistics. From the year 1839 up to the year 1849, this country under Democratic rule only cost the people to administer it, on an average, about $55,000,000 yearly; but now, you are taxed $393,000,000. There is not a gentleman before me to-day, if he will take the time to study and reflect upon the enormously high tariff which is now imposed upon you; imposed, I say, on some four or five thousand different articles, while the British tariff has an imposition on only ten leading articles. Chickory, coffee, sugar, wine, spirits, tobacco—on these articles the British government raises more than £21,000,000 sterling. And yet the American people has a tax upon them amounting to $393,000,000, and upon 4,000 different articles.

THE RESULT IN SAN FRANCISCO.—Here is the way the *Examiner* renders the "Waterloo defeat" which the *Bulletin* said the Democracy had met with at the late municipal election in that city. Fourteen out of twenty-one candidates is a "defeat" of which, under the circumstances, the Democracy need not be ashamed. Here is the *Examiner's* summing up:

"At the recent election twenty-one officers were chosen—eight on the general ticket, six Supervisors and seven School Directors. Of these, eleven were chosen from the Democratic ticket and ten from the Tax-Payers' and Republican. It will thus be seen that the Democrats have carried a majority of their ticket despite the Teutons, negroes, puritans and scalawags. But in addition, two of the successful candidates on the Tax-Payers' ticket are Democrats, to wit: Benjamin, for Public Administrator, and Ashley, for Street Superintendent. One of the Tax-Payers' School Directors, Mr. Clement of the Second, is a Democrat, and was elected principally on Democratic votes. And so we have fourteen Democrats out of the twenty-one officers chosen. This does not seem, as the *Bulletin* says, a 'Waterloo defeat' for the Democrats."

PARIS PREPARING FOR DEFENCE.—A dispatch dated Sept. 13th says that the utmost activity prevails among the forces guarding the defences. The great champs of the Garde Mobile and the National upon the Boulevards are animated. A battery of mitrailleurs have been posted at the foot of the Arc de Triomphe de L'Etoile, commanding the Avenue de L'Emperatrice and sweeping the approaches of the Bois de Bologne. These mitrailleurs are so disposed as to sweep the converging avenues in every portion. The Place de L'Industrie has been transformed into barracks and an arsenal. The woods in the suburbs have been cut down and burned. All houses within range of the guns have been leveled, and the Noisse has been filled with water from the Seine. The city has been made unapproachable by assault from without. All the cattle which have been suffered to pasture upon the outside districts have been removed into the interior. The city theatres and public buildings are preparing to receive the wounded. The Sanitary Society are in readiness to tender their services. The improved hospitals have been plentifully stocked with the necessary supplies.

IN GOOD TIME.—We learn that some of our farmers are preparing their summer fallow land for seeding with wheat for next year's crop. Experience has proved that this is by far the safest and surest way of securing a good crop in this valley, and as experience is the best teacher, no doubt our agriculturists will profit by the lessons of past years and more generally than heretofore sow their wheat before the first rains. Not being practical in that line, advice from us would be out of place, were it not that the yield of years past has shown summer fallowing and early sowing to be the most sure method of securing good crops.

PETITION.

TO THE BOARD OF SUPERVISORS of Yolo County, State of California:

The undersigned present this Petition and respectfully show—

That they desire to adopt measures to reclaim the body of Swamp and Overflowed Lands described in the Schedule hereunto annexed, and for that purpose do form a District to include the same.

A description of the lands Your Petitioners propose to reclaim is set forth by Township, Range, Section and subdivision of Section in the said Schedule:

The number of acres in the whole District is seventy-four thousand and eighty-five and eighty-seven hundredths acres (74,085.87-100) of which your Petitioners are holders of Certificates of purchase from the State of California and other evidence of title to forty-two thousand two-hundred and seventy-nine and eighty-seven hundredths acres, (42,279.87-100), being and representing more than one-half of all the lands within the proposed District.

That the lands included within the limits of the proposed District are situated in Yolo and Colusa Counties; of which forty thousand eight hundred and five and thirty-five hundredths acres (40,805.35-100) are situated in Yolo County, and thirty-three thousand two hundred and eighty and fifty-two hundredths acres (33,280.52-100) are situated in Colusa County;

That the Schedule annexed states the several tracts of land in the said District, the number of acres in each tract, and the names of the owners thereof, so far as known;

And that the said body of land is susceptible of one mode of reclamation:

Wherefore your Petitioners pray that after due publication of this Petition according to law, and the hearing of the same on a day to be fixed by your Honorable Body, you will grant the same and allow the formation of said District.

THE SACRAMENTO VALLEY RECLAMATION COMPANY,
By WM. BLANDING, President;
LOUIS A. GARNETT,
A. H. ROSE,
CHAS. F. REED.

STATE OF CALIFORNIA, City and County of San Francisco. } ss.

On this 15th day of August, A. D., 1870, before me, a Notary Public in and for said City and County, personally appeared Louis A. Garnett, and being duly sworn, deposes and says that he is one of the persons who signed the foregoing petition, that he has read the same, and that the facts stated therein are true to the best of his knowledge and belief.

LOUIS A. GARNETT.

[SEAL.] Witness my hand and Official Seal, the day and year above written.

IN THE MATTER OF THE PETITION OF THE SACRAMENTO VALLEY RECLAMATION CO., LOUIS A. GARNETT, A. H. ROSE, and CHAS. F. REED:

The said parties having presented to the Board of Supervisors of Yolo County, at a meeting of the Board held this day in pursuance of successive adjournments of the regular meeting of the Board held on the First Monday of August inst., their Petition sworn to by one of the Petitioners, praying for the formation of a District for the reclamation of the body of Swamp and Overflowed Lands stated in the Petition and Schedule thereto annexed, and that a day be fixed for the hearing of said Petition.

It is therefore ordered that the Petition be filed by the Clerk of this Board, and that the same, with the Schedule, be published for four weeks next preceding the hearing thereof, in THE YOLO DEMOCRAT, a newspaper published in Yolo County where the greater portion of the lands are situated, and that the said Petition be heard at an adjourned meeting of this Board to be held at Woodland, on Monday, the 19th day of September next, at 2 o'clock P. M.

Ordered further that the Clerk publish with the said Petition a certified copy of this order, and that the usual affidavit of publication be filed with the Clerk of the Board, at or before the hearing.

E. ROBERTS, President.

Attest: E. BYNUM, Clerk,
By J. L. SIMPSON, Deputy.

STATE OF CALIFORNIA, County of Yolo. } ss.

I, E. BYNUM, County Clerk of said County, and ex-officio Clerk of the Board of Supervisors of said County, do hereby certify the above and foregoing to be a full, true and correct copy of the Order of the said Board in the above matter made this 17th day of August, A. D., 1870.

[SEAL.] Witness my hand with my official Seal hereto affixed at Woodland, this 17th day of August, A. D., 1870.

E. BYNUM, Clerk.

Justice's Summons.

STATE OF CALIFORNIA, COUNTY OF YOLO, ss.—In Justice's Court, Putah Township. JAMES ONEAL, Justice of the Peace. Frank Multner, vs. C. P. Mercer.

The People of the State of California send greeting to C. P. MERCER, Defendant. You are hereby required to appear before me at my office in Putah Township, County of Yolo, in an action brought against you by the above named Plaintiff, and answer the Complaint in said action, on file in my office, within fifteen days (exclusive of the day of service) after the day of service on you of this Summons.

The said action is brought to recover from you the sum of twelve (12) dollars gold coin due said plaintiff on a balance of book account, for merchandise furnished you in the year 1870 by said plaintiff.

And you are hereby notified that if you fail to appear and answer said Complaint, as above required, said Plaintiff will take judgment against you for said amount of twelve (12) dollars, together with costs and damages.

To the Sheriff or any Constable of said Yolo County, Greeting: Make legal service and due return hereof.

Given under my hand this thirtieth day of August, A. D. 1870.

JAMES ONEAL, Justice of the Peace.

Ordered that the above Summons be published in THE YOLO DEMOCRAT, once a week for two successive weeks.

JAMES ONEAL, Justice of the Peace.

Notice to Contractors.

NOTICE is hereby given, that sealed proposals will be received by the Board of Supervisors of Yolo County up to Monday, September 19th, at 2 o'clock P. M., for the erection of a bridge across Putah Creek, near Alex. Montgomery's house and one and one-half miles southeast from Davisville. Contractor to furnish all material for the construction of said bridge; plans and specifications to accompany bids. Time of Completion November 1st, 1870. The same to be paid for in Warrants drawn on the County Road Fund. A good and sufficient bond must accompany each bid. The Board reserves the right to reject any or all bids.

au20-5w E. ROBERTS, President.

Dissolution Notice.

THE Copartnership heretofore existing under the firm name and style of Porter & Cowell is this day dissolved by mutual consent. A. & T. Porter are authorized to settle all debts and accounts, either in favor of or against the firm. Dated—Woodland, September 1st, 1870.

A. PORTER,
A. COWELL.

NOTICE.—The above business will hereafter be conducted by A. PORTER and T. PORTER, under the firm name of A. & T. Porter.

Woodland, September 1st, 1870.

The Concert and Distribution will take place under the immediate direction of the Board of Trustees of the Mercantile Library Association, assisted by a supervisory Committee, selected from State, City and County officers, and well known citizens of San Francisco.

ROBERT B. SWAIN, President M. L. A.
W. H. L. BARNES, Vice President.
WM. C. RALSTON, Treasurer.

After paying the expenses of the entertainment, and making the distribution of the Gifts, as above announced, the balance will be applied to extinguishing the present indebtedness of the Mercantile Library Association.

Holders of tickets to which gifts may be awarded, will receive the same on presentation of such tickets or coupons to the Business Agents of the Board of Trustees at their office, No. 218 California Street, San Francisco.

NOTICE.

HOLDERS OF TICKETS to the GIFT CONCERT in aid of the Mercantile Library Association are hereby notified that the Concert is postponed until

Monday, October 31st, 1870.

Unexpected interferences have operated to make this delay necessary to accomplish the result of freeing the Library from debt, without recourse to other privileges granted by act of the Legislature, passed February 19, 1870.

This is positively the only postponement which will be made. The Concert will take place on the day above named, commencing at 9 o'clock A. M., and to continue until all the gifts have been awarded.

The funds already in bank are considerably more than sufficient to insure the successful completion of the contract with the public.

The sale of tickets will positively close on Friday, the 28th day of October, 1870.

All tickets remaining unsold at that time will be withdrawn from sale and cancelled. They will be advertised by their numbers on the 29th day of October, 1870, in one or more of the daily papers of this city. Any diminution thus made in the number of tickets to be drawn will not affect the number or amount of gifts. They will be as heretofore advertised, to wit: 628 gifts, amounting in all to $500,000 gold.

Ticket-holders residing out of San Francisco will receive duly accredited lists of the awards of Gifts, which will also be published in the leading San Francisco daily papers, on the 1st of November, 1870.

Delivery of gifts will commence November 2d, 1870, at the Office, No. 318 California street, to all parties presenting tickets to which Gifts have been awarded. All gifts awarded to non-residents will be held to their order and for their account.

The Move to Incorporate.

As we mentioned last week, this matter has again been revived, we trust this time with a prospect of success. It will meet, as all projected general improvements do from some quarter, with opposition, but that necessity, which must be apparent to every citizen for the incorporation of Woodland, for so many different reasons, should nerve the friends of the measure to work earnestly for its consumation. A plat has been drawn up by Col. Doniphan, and boundaries marked down of the limits of the proposed incorporation which are as follows, including an area of about a square mile: Commencing at Loring's corner and and running to the west corner of the lot of J. C. Welch, thence north with the line of the Pendegast lot; thence west across the railroad, to the west corner of Card's lot; thence north to the north-west corner of Fabricius' addition; thence east on the street running north of the Hospital to the north-east corner of G. N. Freeman's lot; thence south to the line between Freeman and Keefer; thence east to the county road, and thence straigth south to the place of beginning. These boundaries cover only the most thickly built up portions of the village, except where necessary to include some unimproved localities in order to secure somewhere near uniform and regular lines. Every friend of improvement, and especially property holders, should sign the petition. The town will be incorporated sooner or later, and every practical property holder must see that by delay inconveniences will arise, if not actual damage to property, by changes of grade, opening streets, etc., which may follow incorporation. We claim that the property-owners are the class most to be benefitted, as general improvements will necessarily enhance the value of property. We trust every one to whom the document is presented will sign the petition to the Board of Supervisors. We have done so, not as a large property holder, but upon general principles.

BOARD OF SUPERVISORS.—The Board met pursuant to adjournment, on Monday, Sept. 12th, and proceeded to canvas the election returns of the Third Supervisor District of Yolo County. Returns were received from all the precincts except Fremont, where no polls were opened. [The table giving the official returns will be found in a separate item.]

Report of County Surveyor having been received on the performance of contract by David Bayliss in matter of grade and embankment of road running west from Knight's Landing, balance due contractor of $635.11 was ordered paid.

Bid of T. J. Hutchinson, for building bridge across Willow Slough, accepted; bridge to be completed within 60 days.

On the petition of Wm. Hatcher and sixteen others, the farm of Wm. Hatcher was changed from Monitor to Cacheville School District. Also, on petition of James Dinwiddie and nineteen others, the farms of Samuel Laugenour and others were changed from Monitor to Eureka School District.

Board adjourned to meet again on Monday next.

THE OFFICIAL COUNT.—Below we give the vote for Supervisor in the Third District of Yolo County, on Wednesday, September 7th, 1870. All the precincts are given except Fremont, where no polls were opened:

	Roberts.	Rahm.	Totals.	Maj.
East Grafton......	106	8	114	98
West Grafton.....	46	35	81	11
North Grafton....	28	13	41	15
Fairview..........	21	31	52	10
Cacheville........	39	21	60	18
	240	108	348	......

The total vote for Edward Roberts is shown to be 240, for Frank Rahm 108; which gives a majority in favor of Roberts of 132 votes.

ELEVATED.—The Court House has been elevated 8½ feet from its old level by the contractors, Knox & Turton of Sacramento, who completed that portion of the job on Tuesday last. To raise a two-story brick building, size 76 by 60 feet, is no small undertaking, but it has been successfully accomplished by the experienced contractors. This will give plenty of room for an excellent basement story for offices, and it will be finished for that purpose.

APOTHECARY'S HALL is the name of a new drug store opened by Ben. Hastings in the new building on the corner adjoining the Bank of Woodland. Ben. is an old hand at the business, every department of which he thoroughly understands. The store is tastefully fitted up and the location one of the best in town. Advertisement will appear next week. Success to the new drug store.

BOULON'S MINSTRELS.—This troupe of Ethiopian minstrels gave two performances here during the week, in which they proved themselves remarkably good performers, and played to fair houses. On Thursday evening they played at Knight's Landing, Friday and this evening at Marysville, and on Monday next at Colusa. All who go to see them will be well pleased.

WHAT'S THE TIME OF DAY?—This you can always know if you will go to Ruggles & Machefert's and procure one of those new clocks of which he has just received a large supply of the most approved kinds. Mr. Machefert is an expert at repairing watches as well as clocks. He is an old hand at the business. Does everything in the jewelry line.

ATTORNEY.—The professional card of P. H. Sibley, Attorney, appears in our columns today. Mr. Sibley has permanently located in Woodland for the practice of his profession in all the Courts of the State. He is an old resident of California, having practiced law in Placer county nineteen years. Office in Odd Fellows' Block, second floor.

CHRISTIAN REPOSITORY.—Messrs Eaton & Green have received a large supply of hymn books and other works of the Christian Church, from which they can supply a deficiency heretofore felt here. They also deal in school books, jewelry, clocks, watches, perfumery, fancy articles, etc., and sell all their goods at fair prices.

TAXES.—The total amount of taxable property in Yolo County, as shown by the assessment roll, is.......$4,696,779,78
State and County Tax.......101,685,27
State Poll Tax.......671,00
Road Poll Tax.......606,00
Dog Tax.......617,00

HESPERIAN COLLEGE.—We call attention to the flourishing institution, which has now got fairly under way and is going along swimmingly. We learn that quite a large number of new pupils have been admitted since the commencement of the present term.

CHANGE OF PROPRIETORS.—The Overland House has passed into the hands of A. Moger, for several months past the efficient and gentlemanly clerk of that hotel. He will no doubt retain all the old patrons of the Overland and attract many new ones.

QUARTERLY REPORT.—We publish to-day the Quarterly Report of the Treasurer and Auditor, giving the financial transactions of the County for the three months ending August 31st, ult. It will be found to be a full and comprehensive report.

EQUALIZATION NOTICE.—Attention is called to the notice of the Board of Equalization to parties who failed to appear before the Board while in session, giving the amount of the change made by the Board in each case.

MORE CLOTHING.—Read & Magee have found it necessary to replenish their stock of clothing already, it goes off so rapidly. Plenty more of those Geography's and other school books.

WOODLAND HOOK AND LADDER CO., No. 1.—Company met in Justice Peterson's office, on Wednesday evening, Foreman Brogan in the chair.

The reading of the minutes of the last meeting was dispensed with.

On motion the Constitution and By-Laws were read, and amendments were made to the effect that in case of sickness of any member, it should be the duty of the Secretary to inform the members of the company, that they may watch with and care for him, and in case of death, members to be buried by the Company.

The prescribed age of twenty-one, as a qualification for membership was stricken out. The following names were proposed for membership, and elected under a suspension of the rules: H. Aronson, J. D. Stephens, R. Buckley, Wm. Gammon, F. S. Freeman, H. U. Ogburn, T. P. Magee, W. F. Warren, M. Peterson and D. M. Burns.

The following resolution was then read and unanimously passed:

Resolved, That we, the members of the Woodland Hook and Ladder Fire Company No. 1, as a body, do hereby tender to the manager of the Phœnix of Hartford, and Home of New York, Fire Insurance Companies, through the Woodland agent, George D. Fiske, a unanimous vote of thanks for their liberality in donating to us as an organization the sum of $25 00.

Resolved, That this resolution be published in the Woodland papers, and a copy be sent to R. H. Magill, manager, at San Francisco.

A vote of thanks was tendered to Elias Peterson, Esq., for the use of his office meeting nights.

Adjourned to meet again on the first Wednesday in October, at 8 o'clock P. M.

WM. THOMPSON, Sec.

EVERY SATURDAY.—This valuable periodical for September 10 is one of the handsomest illustrated papers ever issued. It contains European war pictures—the Baden prisoners taken at Niederbronn; French soldiers bathing at Nancy; a Prussian outpost; Saarbruck; and some recruits for the South German army. It has, besides, fine portraits of Mademoiselle Sessi and Geo. W. Childs of the *Philadelphia Ledger*; a beautiful art picture, Morning in the Dessert; and three admirable Summer pictures —a Picnic in the Woods, by A. Hoppin; Summer days, by W. J. Hennessy; and On the Beach at Long Branch, by C. G. Bush. Its literary contents comprise able and very interesting editorials on The Balance of Power, An Empire's Bull Run, On the Uncertainty of things, A Desirable Calamity, etc. It has a full summary of home and foreign news, two additional chapters of "The Mystery of Edwin Drood," a sketch of Geo. W. Childs by James Parton, and other fresh and readable articles. Altogether, it is a remarkable number of this first-class family illustrated weekly.

PAIN KILLER. PROP. PERRY DAVIS & SON, PROVIDENCE R. I. 1840 1870

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœa or cramps continue, repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as an internal remedy has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma, it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache, and Toothache, don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle.

WOOLSEY'S CELEBRATED Universal Washer.

In introducing Woolsey's Celebrated UNIVERSAL WASHER, I desire to say that it has been used in the Atlantic States with greater success than any other machine ever introduced, and I challenge any and all others to a test of quality. It takes less wood and water, less soap and labor, (the water is heated by a stove attached), a child ten years old can operate it, and it does not wear out clothes as other machines, as it neither rubs nor pounds the clothes. It will wash the finest fabrics and the largest quilt or blanket. If it fails in anything I claim for it, the money will be refunded if desired.

NEWELL'S PULMONARY SYRUP.

Believing that every man should be held personally responsible for whatever he offers to the public as an antidote for any existing evil, and that no honest man can, for the sake of gain, offer as a remedy that which may prove an injury, we shall say no more than we believe to be strictly true, and easily proved, in relation to the merits of

Newell's Pulmonary Syrup!

We have known it for many years as a valuable remedy in all Pulmonary Complaints. It has been given to a great number of persons, old and young, male and female, and it can be truly said that rarely, if ever, was known a single instance in which it has not effected a speedy cure of the most violent cold or long-seated cough; and, in case of Asthma, whooping-cough, sore throat, or any affection of the throat or lungs, we have yet to hear of the first instance in which it has not afforded entire satisfaction. We do not pretend to say that

Newell's Pulmonary Syrup

Is a remedy for "all the ills that flesh is heir to," but we do say that, in ninety-nine cases out of a hundred, it has been found to be a safe, pleasant, and sovereign remedy for the most violent cold, long-neglected cough, sore throat, asthma, whooping-cough, or any affection of the throat or lungs arisng, as almost all such complaints do, from what is at first considered nothing but a "slight cold"—the final consequences of which need not be pointed out. Prominent, however, among the ills thus engendered, is that of Consumption, for which it is said there is no remedy, and perhaps there is not. But if

Newell's Pulmonary Syrup,

Which we so strongly recommend, be a remedy for such complaints as we have enumerated, what effect will it have upon that scourge of the human race, CONSUMPTION? We answer, it will be to afford its victims immediate relief! It will check the ever-accompanying cough; this done, refreshing sleep is sure to follow, and, in its train, increase of strength, a brighter eye, a more cheerful countenance—and, why not a restoration to health? CURE YOUR COLD while it is yet what you consider but a slight one, and you will have less occasion to seek a remedy for any of the countless ills so sure to follow from it when too long neglected. Cure it in your children, instead of allowing them to retire to their beds night after night with a SLIGHT COLD, from which almost every family has had sad experience; they too often rise with headache, sore throat, or fever.

A kind Providence has placed at the disposal of His intelligent creatures, all the remedies requisite for the relief of such diseases as He permits to afflict mankind. Among the gravest in this category are those of the CHEST and LUNGS. A thorough and patient investigation into the character and treatment of these affections, has resulted in the selection and approval, by the more intelligent of the present day, of

Newell's Pulmonary Syrup,

The use of which is synonymous with speedy relief and health. Consumptives, try it! For sale by all Druggists.

THE YOLO DEMOCRAT.

POEM.

Read at the State Teachers' Institute, San Francisco, September, 1870.

BY W. W. STONE.

A horse-man once while walking idly round,
Espied a neighbor, Walker, homeward bound,
Astride his fine Bay nag, a coal-black steed,
Which sloe in hue was far from slow in speed.
Tho short of breath the ped'ler quickened pace,
And hoarsely muttered in the horseman's face;
Like porcine squeak in double muffles wound
The finely grated thunder gives but sound.
The trav'ler, hard of ear but soft of pride
Viewing the flushed up face indignant cried
(Stopping his ears): "I'd have you know
I am not deaf, what makes you holler so!"
So goes the tale, I do not give for fact,
A joke tho newly hashed, not erst time crack'd.
I simply wish a moral to convey
To season that we plan to do or say.
How oft we see, reviewing human life,
Success hang pendent on a daily strife;
And then, again, how oft we meet a wight,
Who claims a fortune as he does a right.
Some men are men because they wear a coat,
Some men are men because they ape a goat,
Some men are men because,—I do not know;
Some men are men because God made them so.
Wealth, honor, glory, pride and high renown,
These are the gifts that can our manhood crown
But sleek as seals, they surely will forsake you,
Unless, as in the tale your neighbors 'take you.'
Now to apply this mass of wordy words.
Giving no heed you'll surely have but surds,
And verses, like potatoes, wholly root
Spend all their force in air and fail to suit.
And if I fail to strike responsive chords,
And sound, not sense, my work affords,
Vow like the horse again, that your ears are good
And frame my nonsense into current food.
Hunting for items as food for my muse,
A city Report I turned to peruse,
Directors, teachers, monies, houses, schools;
Sites, cites and sights, unending rites and rules.
It's hardly right, I know you'll all agree,
That service such as this be rendered free.
Think on the wear and tear, and shock of brain,
The moral sense that shrinks at good or gain!
These noble men whose sense of duty draws,
What value they the gaping mob's applause?
Let brazen bells ring out with clarion tongue;
We'll have their praises, not their vices sung.
Their path prepared they will not turn to right,
The public weal they always keep in sight;
This is no weal of inner *wheel* bereft,
You being spokes can turn 'en right *o'er* left.
This weal has fellows idly lying round,
Whose *faux pruz* lie on consecrated ground.
Ungrateful wights they say the members clique
And blind to law they call the Board a *stick!*
The ladies, too (God bless their gentle hearts),
Are sometimes prone to cast malicious darts.
Oft pretty lips are curled in prideful scorn,
While pretty faces, pretty frowns adorn.
They want no master reath whose lordly frown
The hands hang pendent and the eyelids down
But hearts are streams whose currents onward flow;
To him who suits they never answer NO!
Reform in eye, these City Fathers meet,
Revising laws they fain would make complete.
Once perfect deemed, dame Nature yields her throne,
For, lusty sons have ancient dame out-grown.
The fad's gone! No daring female eye,
Shall out of primers, into bosoms pry.
Mistaken folk! they learn it with a sigh,
Not they, but pupils t' is, who multiply.
Rehearse your task! remove the placid smirk,
Resign the wanton fan, assume the dirk.
Let frozen virtue shine like blazing stars,
And deign for Venus naught but dreaded mars.
Unhappy maids! Unsex your passioned souls
Or strive to write your names on living rolls,
Let no fond hopes from classic shades allure
Strive like your scholars, that you may be *purer*.
I would say more, but stop for want of space,
And yet, the wrongs of fair ones of our race
Bid me deplore this reconstruction fuss,
SHEW therefore, fly and don't you bother us!
This car of Progress and a mighty jolt,
When, luckless hour, they lost a fav'rite *bolt*.
And then it was the Coe 'n-Cobb combination
Was born to rule the Board of Education.
Unlike our stately Board, of keener eye,
No Merritt seems on city lists to lie.
Believing all in Gospel—writ by Sather
Mostly dyed in wool, one 's a Cotton Mather.
On every hand, prepared to do or die,
On every side instructors meet the eye.
With text books severed and pieces duly con'd,
Each champion sits and hugs some fancy fond.
Candida Pax! Descend with healing wings,
Avert the slaughter that the text book brings,
Let moral suasion plead and systems rave,
But spread oblivion over Wilson's grave.
Let Monteith speak and Eaton's voice be heard
But stifle down each carping harper's word
In all your actions let your motto be:
Who'd Right forsake be he forsook by me.
We're all, all here; what pleasant mem'ries rise,
As thoughts recur to old and pleasant ties.
Each long familiar face some joy revives,
That slumb'ring since now wakeful upward strives.
Such goodly gath'rings sweet oases prove,
That from a desert darkling clouds remove.
In grateful thirst our happy souls recruit,
And smile at viewing rich immortal fruit.
I would I dared to greet each pleasant face,
And on the map of Past each item trace.
Emotions mix'd these mental mappings call,
For oft we're apt to see some water fall.
Now if I could I'd talk of Normal schools,
Of Lucky scholars and of lucky rules.
(If martial ardor rules these lucky chaps,
They've *hide-an'-felt* enough to make em *Cap's*.
Then there's the ladies, they must have a show
And far from shadows they would have you know.
The mark of *Cain* may come from scheming males,
They'll have their whoops for they are raising *wails*.
Most favored schools: we deem it truly said
That each one's fitted with a worthy head.
There is a Flood of wit and learning rare,
And here a Mann of anxious thought and care.
Some boys are bound to Winn, some girls to Swett,
Such, though Scott free, may live in Scottland yet.
There is a *read* Fox who has Sallied out,
Look out for a Gunn if Fowler's about.
Yonder's a school-house, it owns but one Dore,
Having no Waters it still has a Shaw!
One pupil of Bryant, he of the News,
Deems herself bound by her fate to *a muse*.
For writing her name I'll make her amends
By begging you'll buy a *Dott-of-her*, friends.
One had his Challenge enlisted in Corps,
But needing recruits he'd Hunt and get Moore.
One is a Hunter, having Shot well long,
Plaintively cries that he is ever wrong.
Having assistance that is always Wright,
Unhappy Silas thou'rt a luckless *Wight*.
One has a Savage, not a Joy in school,
That is *A LYSER;* there is *Joice* in full.
Here now my paux combine to pause my paws
For fear I'd course too close to cores of cause,
Down goes the pen and starts the willing tear,
Such parting scenes will bring me to my bier.
My name is Wm. more you'll have to guess;
Working it out you'll be earning *a-dress*/
Go, ask the Dr., he will surely own,
Muse-ic or *muse-sick*, this is Wm.'*s tone.*

THE town of Port Wine, Plumas county, was burned on Tuesday morning, September 1st. Of the business portion of that town, only the fire proof store of Kleeknet & Co., remains.

IN Chicago, August 22d, a lot, 30 feet front, on Madison street, near Lasalle street, belonging to the estate of a gentleman who bought it in 1844 for $125, and which was valued in 1860 at $1,200, sold at auction for $30,000.

EIGHT girls are learning the art of farming in the Michigan Agricultural College, and it is announced as a remarkable case of endurance that they work in the field three hours a day, the same as the young male students.

THE famous white cuirassier regiment, of which Premier Bismarc is Colonel, is so called from the color of its uniform. The coatee is snow white, and with the bright breast-plate, cuirass, and the white plumed helmet, the uniform is about the handsomest in Europe.

AN extensive fire occurred at Chicago on the 4th, by which one entire block, one of the finest in the city in point of architectural beauty, was destroyed, besides damaging other stores and stocks of goods; but the worst of all was the loss of life, which is at from 10 to 15. The aggregated loss of property is supposed to be over three millions of dollars, and that two-thirds of that amount is covered by insurance. The dispatches say that there never was so much public excitement over a fire in Chicago.

WOMAN.

Females, owing to the peculiar and important relations which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contributes in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline. Nor is it pleasant to consult a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so sacrifice her greatest charm as to do this. The sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to the sex.

HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to insert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air or food, profuse menstration the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation applied to the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the years that nature designed for corporeal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unhealthy excitement of the ball-room. Thus, with the body half clothed and the mind unduly exercised by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished

In consequence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must of necessity produce their legitimate effect. At last, an early marriage caps the climax of misery, and the unfortunate one, hitherto utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue, which is, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For female weakness and debility, whites or leucorrhea, too profuse menstruation, exhaustion, too long continued periods, for prolapsus and bearing down, or prolapsus uteri, we offer the most perfect specific known—HELMBOLD'S COMPOUND EXTRACT OF BUCHU. Directions for use, diet, and advice accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. HELMBOLD'S EXTRACT BUCHU is more strengthening than any of the preparations of Bark or Iron, infinitely safer and more pleasant. HEMBOLD'S EXTRACT BUCHU, having received the indorsement of the most prominent Physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Imbecility, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness at night. Absence of Muscular Efficiency. Loss of Appetite. Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine, cut this out. Ask for HEMBOLD'S. Take no other. Sold by Druggists and Dealers everywhere. Price $1 25 per bottle, or six bottles for $6 50. Delivered to any address. Describe syptoms in all communications. Address H. T. HELMBOLD., Drug and Chemical Warehouse, 594 Broadway, N. Y.

NEW WEED

SEWING MACHINES!

"The Last and Best!"

The following is the fac-simile of the Medal awarded to the WEED Sewing Machines at the late Paris Exposition:

The Weed Sewing Machine Company have now at last completed their Three Standard styles of

Weed Sewing Machines.

First—Their new "Family Favorite." Second—Their new, light and noiseless Manufacturers' Sewing Machine. Thirdly—Their immense heavy "Manufacturers' Favorite." The three together combining the advantages of all others up to the present time, being the BEST made and doing the best work—has received throughout Europe, the States, and on this coast, the First and Highest Premium at each and every public Fair since 1867 (the year it was completed,) where any premium at all has been given or where its strong points have been really exhibited.

There is a difference!—All the Premiums that the WEED Sewing Machine Company claim, from the first and Highest Premium at the Great World's Fair at Paris, in 1867, up to the present time, (see small circulars), are each and every one genuine awards, or we will forfeit $500 for each and every false claim! Other Sewing Machines have had their Premiums, but how many of them in the last two years?

There is a difference! Says the *True Chronicle:* "This magnificent Sewing Machine comes forward in good time and strikes exactly the right mark." Also, the editor of the *Independent* says: "Such a Sewing Machine as the Weed—the New F. F.—we have never seen." Thus the New Weed Sewing Machine is the simplest and strongest, the last, and as we believe in modern improvement we may add the BEST Sewing Machine made as yet. It is the best Family Sewing Machine; it is the best Boot, Tailor, Saddler's Sewing Machine; it is the most successful Sewing Machine! for already its name is a household word both in Europe and America, and is rapidly taking the place of all others. Its immense central manufactory is in Hartford, Connecticut. Agents in all the principal cities in the world.

Price, from $65 to $500.

Grover & Baker's

ELASTIC STITCH

FAMILY

SEWING MACHINES

Excel all others.

They are more simple and durable, easier kept in order, make a stronger and more elastic stitch, a firmer and more beautiful seam than any other. They sew all fabrics from two common spools, require no rewinding of thread, fasten both ends of the seam by their own operation, and though every fifth stitch is cut the seam will not rip.

They Stitch, Hem, Fell, Cord, Bind, Tuck, Quilt, Gather, Braid, Embroider, Ruffle, Puff, and excel in Every Class of Machine Work.

to these New Styles which possess unmistakable advantages over all others.

The Continued Triumph

OF THE

"Grover & Baker,"

is the best evidence of their merit.

This remedy does not simply *relieve* for a short time, but it produces perfect and permanent cures of the worst cases of Chronic Nasal Catarrh, and *I will pay* $500 *reward for a case that I cannot cure.* "Cold in the head" and Catarrhal Headache are cured with a few applications. If you have a discharge from the nose, offensive or otherwise, stopping up of the nose at times, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull, have pain or pressure in the head, you may rest assured that you have Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in Consumption and end in the grave. No disease is so common, more deceptive or less understood by physicians. I will send my pamphlet on Catarrh to any address free. Dr. Sage's Catarrh Remedy is now

SOLD BY MOST DRUGGISTS IN ALL PARTS OF THE WORLD.

Price fifty cents. Sent by mail, postpaid, on receipt of sixty cents, or four packages for two dollars. Beware of *counterfeits* and *worthless imitations*. See that my *private Stamp*, which is a *positive guarantee of genuineness*, is upon the outside wrapper. Remember that this private stamp, issued by the United States Government expressly for stamping my medicines, has my portrait, name and address, and the words "U. S. Certificate of Genuineness" engraved upon it, and not be mistaken. Don't be swindled by travelers and others representing themselves as Dr. Sage; I am the only man now living that has the knowledge and right to manufacture the *genuine* Dr. Sage's Catarrh Remedy, and I never travel to sell this medicine. SEWING MACHINES!

The FLORENCE has now been used on the Pacific Coast seven years; its merits are known and its reputation established.

It is here in daily use in more than six thousand homes, and is effectually speaking for itself like

"Gold Tried in the Fire!"

Competition and opposition—fair and unfair, have not consumed or injured it. It stands the practical test upon a greater range of work than any other Family Sewing Machine in use.

If there is a Florence Machine within one thousand miles of San Francisco not giving entire satisfaction, if informed of it, I will attend to it promptly, without expense of any kind to the owner.

Shoemakers, Tailors and Glove makers are invited to examine our New Florence Manufacturing Machine.

WHEELER & WILSON.

THE GREAT TRIAL OF

SEWING MACHINES!

THE GRANDEST IN THE WORLD!

The Judges, the whole world; and the trial, fifteen years duration.

Practical Use the Test!

THE UNIVERSAL VERDICT:

"The Wheeler & Wilson Sewing Machine the Champion!"

As a Holiday Present, nothing would be more appreciated than one of these Machines.

These unequalled Machines do all the different kinds of work required to be done in a family, and make all the different kinds of Stitches, without the complications of the other Machines.

All persons will please examine the Wheeler & Wilson Sewing Machine before purchasing any other.

The Wheeler & Wilson as is well known, has won at nearly every trial in which it has competed, the highest award of merit. The representatives of other machines, ever confident, have entered the lists, time and again, only to be defeated; and finding it impossible to compete fairly, have endeavored to decry the value of Premiums. They are not slow, however, to boast of the few they have received. But in the grand trial, daily use throughout the world, where only true merit finds favor, and superiority wins the race, the Wheeler & Wilson Sewing Machine stands triumphantly the champion by the verdict of the people.

These Machines are adapted to every Variety of Sewing!

From the lightest muslins to the heaviest cloths. They work equally well upon Silk, Linen, Woolen or Cotton goods, with Silk, Linen or Cotton thread; Seaming, Quilting, Gathering, Hemming, Felling, Cording, Tucking, Braiding Embroidering and making Button Holes, with the greatest facility.

If it be inconvenient for the purchaser to visit the salesroom, the order may be forwarded to the office, and it will be as faithfully filled as if the selection had been made personally.

Full instructions, recently compiled, and giving full information upon every point in detail, accompany each Machine, and enable the most inexperienced to operate without difficulty.

Our interest in the successful working of Machines is not second to that of the purchaser, and we esteem it a privilege to aid, by correspondence or otherwise, any person requiring it. W. M. STODDARD,
General Agent for Pacific Coast.

THE ELLIPTIC

SEWING MACHINES,

Warranted the Best!

The Elliptic Sewing Machines are manufactured and warranted by the Wheeler & Wilson Sewing Machine Company. The late and important improvements enable us to guarantee to every purchaser that the Elliptic Machine will do more work, better work, and a greater variety of work than any other Sewing Machine now in use. The economy of the Elliptic Machine in a family is almost incredible; with one, a good operator can do the work of twelve hands. By it, the making of garments is reduced from a question of hours to one of minutes, as the following table will show:

(It is not to be understood that the following table is the time to make garments, but to do the stitching only.)
